Any Local savings, to the state secondary "C" apportionment fund of the counties is undeterminable.

Explanation of Fiscal Impact

State Expenditure

This bill provides that a state road, highway, interstate highway, bridge, interchange, or intersection may not be named for a person who has not been deceased for at least ten years.

DOT reports that during fiscal years 2012, 2013, and 2014, 109 road naming bills were adopted. Only 32 met the current proposed qualification of the person being named having been deceased for more than 10 years. These expenditures were reimbursed by the State Secondary "C" Apportionment Fund of the counties, pursuant to Section 57-3-61. Any local savings to the counties' "C" Funds is indeterminable, since the number of road namings may continue at the current rate regardless of the proposed new restrictions.
