Explanation of Fiscal Impact

State Expenditure

This bill amends Section 12-54-122(G) to allow the Department of Revenue to implement a publicly accessible system of filing and indexing tax liens in addition to or instead of the tax lien notices that must be filed with the county clerk of court or the register of mesne conveyances. These liens in favor of the Department of Revenue would be effective statewide and encumber all the taxpayer's property and rights as provided in Section 12-54-120. The bill also establishes the Electronic Tax Lien Oversight Committee of nine members appointed by the Governor. The oversight committee members are entitled to mileage, subsistence, and per diem as authorized.

The Department of Revenue indicates that this bill will have a minimal expenditure impact from the reimbursements for mileage, subsistence, and per diem expenses authorized for the oversight committee members, which can be absorbed within current appropriations.

State Revenue

This bill would have no revenue impact on the General Fund, Federal Funds, or Other Funds.
