**Fiscal Impact Summary**

This bill requires the State Board of Financial Institutions to perform activities conducted in the normal course of agency oversight and regulatory actions. As a result, this bill does not have an expenditure impact on the General Fund, Other Funds, or Federal Funds.

**Explanation of Fiscal Impact**

**Signed by Governor on May 15, 2018**

**State Expenditure**

This bill expands credit union membership to include community groups. Also, credit unions may add additional occupation and association groups, without limit, provided they have the ability to serve the groups and the group has provided a written request for service. The bill defines underserved communities, and allows more than one credit union to serve in a community that meets the outlined criteria. The Commissioner of the State Board of Financial Institutions shall approve the request to add occupation, association, and community groups if the credit union provides the required information.

Additions of community groups to credit union membership would require the credit union to have the ability to serve the group and demonstrate that the group consists of person who live, attend school, or work in a community. Approval of community group membership by the Commissioner shall be approved if the credit union provides the required information.

This bill requires the State Board of Financial Institutions to perform activities conducted in the normal course of agency oversight and regulatory actions. As a result, this bill does not have an expenditure impact on the General Fund, Other Funds, or Federal Funds.
