Explanation of Fiscal Impact

Introduced on February 7, 2017

State Expenditure

This bill gives the responsibility for keeping records related to any investigation of a possible violation of §39-5-325 et seq., the unfair trade practice for retailers of motor fuel, solely to the Attorney General’s Office by no longer requiring the Department of Consumer Affairs (department) to do so. There are few complaints associated with this section. According to the department, no complaints have occurred since 2015, and only 54 complaints were received between 2001 and 2015. The record keeping on these few investigations requires only a minimal amount of time by staff and no additional expense. Therefore, placing the record keeping responsibility solely on the AG’s office would not have an expenditure impact on the General Fund, Other Funds, or Federal Funds for either agency.
