# 2024 911 FISCAL UPDATE

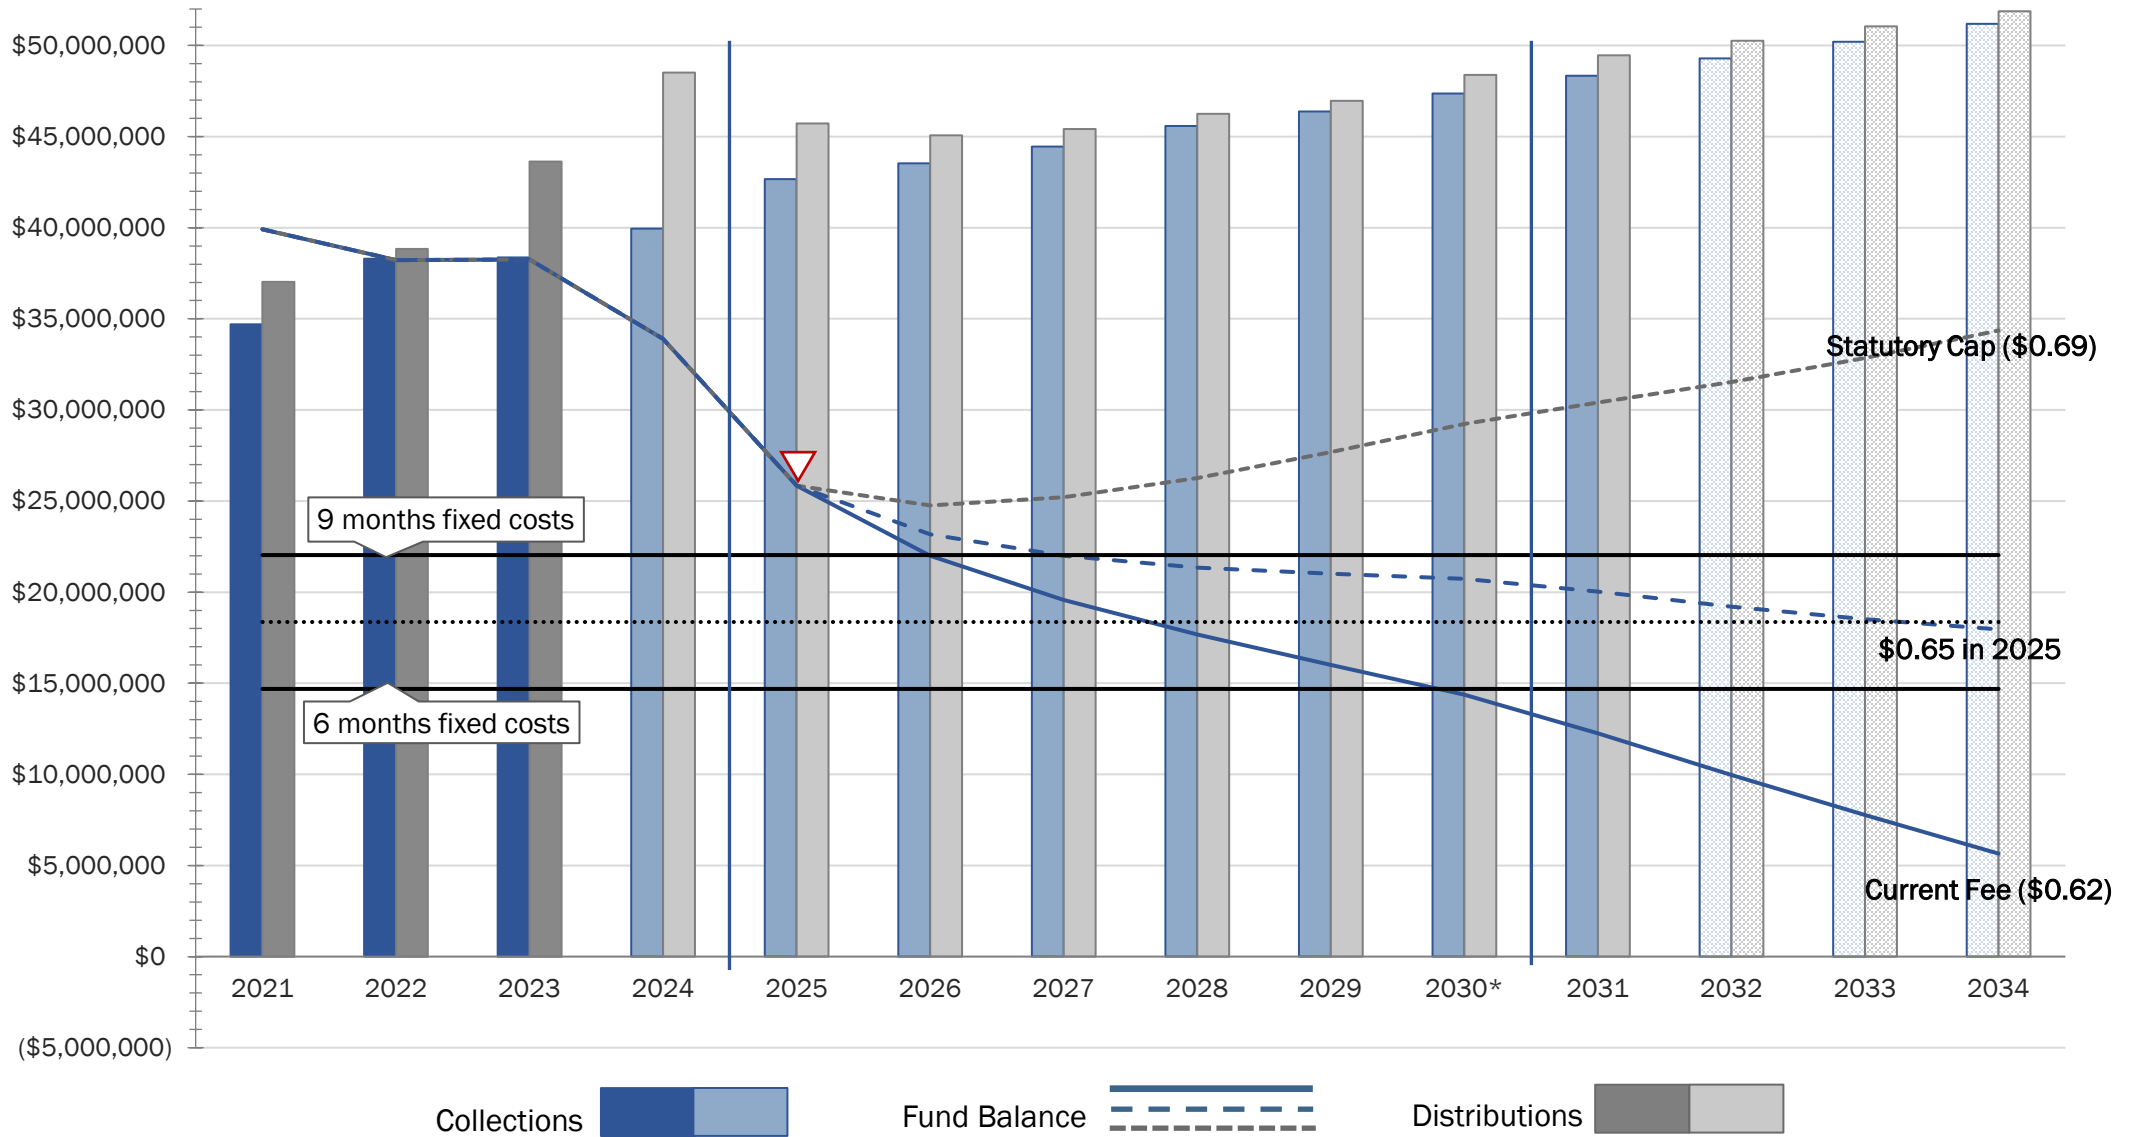

## UPDATE ON THE WIRELESS FEE

- The appropriate level for the monthly wireless 911 surcharge is evaluated annually based on the fiscal model and has remained at \$0.62 since 2014.
- As previously discussed, the fiscal model has consistently indicated a need to increase this monthly fee in January 2025 to account for costs associated with new technologies while maintaining sufficient reserve funds.
- Compared to the previous year fiscal model projections, collections are running slightly above forecast for 2024, but expenditures continue to remain at anticipated levels.
- The updated fiscal model for calendar year 2025 continues to reflect this necessary adjustment.
