NOTES:
1) Roads and statutory landmarks were positioned by various methods including use of South Carolina's RTN and a GPS rover, conventional surveying methodology, map compilation, historical aerial photography overlay, and GIS layers. Other jurisdictional boundaries shown are approximate and were not surveyed as part of this project.
2) Northing (N) and Easting (E) Coordinates, bearings, and distances (ift.), shown hereon, are referenced to the South Carolina State Plane Coordinate System 83/2011 Realization and have not been scaled to Ground.
3) For more information visit the South Carolina Geodetic Survey's website at *https://rfa.sc.gov/programs–services/geodetic/county*
4) The purpose of this plat is to map a section of the CALHOUN–LEXINGTON–ORANGEBURG County Line. It is not intended nor should it be construed to be a boundary survey or boundary plat of the property parcels adjacent to or near the aforementioned county line. The CALHOUN–LEXINGTON–ORANGEBURG County Line and boundary lines of the adjoining properties may be congruent if and only if so specified by the South Carolina Legislative Act(s) that establish and describe or define the county line as it is being platted hereon. However, in no way is this survey or plat of this portion of the CALHOUN–LEXINGTON–ORANGEBURG County Line giving warranty to the title property boundaries of the adjacent parcels being shown or referenced hereon.

PROJECT NOTES:
1) THE NORTHING AND EASTING COORDINATES FOR THE NGS MONUMENTS SHOWN ON THE PLAT ABOVE WERE DERIVED FROM FIELD OBSERVATIONS. REFERENCE THEIR NGS DATASHEETS FOR THEIR PUBLISHED COORDINATES. (HTTPS: //GEODESY.NOAA.GOV/DATASHEETS/)

I hereby state that to the best of my professional knowledge, information, and belief, the survey shown hereon was made in accordance with the requirements of the Standards of Practice Manual for Surveying in South Carolina, and meets or exceeds the requirements for a Class B survey as specified therein.

1) Descriptions in SOUTH CAROLINA CODE:

SECTION 4–3–90. Calhoun County:

"...then a direct line to the head of Branham Branch and with said branch to Beaver Creek, then with the Orangeburg and Lexington line southwest to the corner of Caw Caw and Elizabeth townships and with said line southwest to the Joe Amaker old mill on Lime Stone Creek,..."

SECTION 4–3–370. Lexington County:

"Lexington County is bounded on the northeast and east by Richland County; on the southeast by Orangeburg and Calhoun Counties, from which it is divided by Beaver Creek;..."

SECTION 4–3–430. Orangeburg County:

"Orangeburg County is bounded as follows: ... by Aiken and Lexington Counties from which it is divided by a direct line drawn from A. J. Weathersbee's old mill, on the line between Barnwell and Aiken Counties, to the point where the Cedar Pond Branch empties into the North Fork of the Edisto, and by another direct line, drawn from said point where the Cedar Pond Branch empties into the North Fork of the Edisto, to the headwaters of the main branch of Beaver Creek; thence down said creek to the line of Calhoun County;..."

2) 1825 Mills Atlas Orangeburgh District, South Carolina. Surveyed by B. Busyby, 1820; improved for Mill's Atlas.

3) 1825 Mills Atlas Lexington District, South Carolina. Surveyed by M Coate, 1820; improved for the Mill's Atlas.
