... to improve efficiency, transparency, accountability, and affordability

- Align Appropriations with Expenditures
 - Instruction
 - Facilities
 - District Services
- Specify Level of Services
 - Every student is provided the same level of resources
 - Distinction between state and local responsibilities
- Equal impact on local tax base
- One formula for appropriations

... help ensure that all of our children have the necessary resources

- The needs of the student drive the funding in the model.
- The model calculates the funding required for a common set of services for K-12 education in Instruction, Facilities, and District Services based upon services students need and the cost of those services.
 - Cost of a teacher
 - Cost of operating a school building
 - Cost of district services
- Costs and service levels are based upon current teachers, administrators, and services.

Exclusions from the Model

- Federal funds
- Other educational programs
 - 4-year-old kindergarten
 - Adult education
 - Pupil activities
 - New construction
- Charter and special school district funding

- | | |
|---|---------------|
| i. One school administrator for every 15 teachers | \$313,716,042 |
| ii. One school office staff for every 15 teachers | \$141,237,999 |

E. Classroom Materials and Technology

- | | |
|---|---------------|
| i. An allocation of \$3,344 for classroom materials and technology allocation for every teacher | \$151,284,733 |
|---|---------------|

Formula and Service Levels – Facilities

II. Facilities

A. Facilities

- i. 2,750 square feet per teacher (includes classrooms, common areas, and administrative space)
- ii. \$1.80 for custodial services, \$2.40 for maintenance, and \$1.50 for utilities per square foot \$709,157,789

B. Security and Safety

- i. One safety staff for every 640 students \$72,094,201
- ii. An allocation of \$6,688 for security and equipment for every 640 students \$7,535,615

C. Transportation

- i. One bus driver for every 110 students \$217,015,590

Formula and Service Levels – District Services

III. District Services

A. District Leadership and Services

- | | |
|--|--------------|
| i. One superintendent per district | \$16,762,870 |
| ii. Range of 6 to 20 program directors (student services, HR/finance, IT, transportation, food services, etc.); minimum of 6 increased by 1 for every 35 teachers above 350, up to a maximum of 20 program directors | \$80,307,510 |
| iii. Range of 6 to 20 district staff (student services, HR/finance, IT, transportation, food services, etc.); minimum of 6 increased by 1 for every 35 teachers above 350, up to a maximum of 20 staff | \$42,930,738 |

B. District Technology

- | | |
|--|--------------|
| i. An allocation of \$669 per teacher for technology at the district level | \$30,256,947 |

... to ensure more equitable distribution ...

- Same level of services to all students
 - Each student receives funding for services based upon their instructional needs
- Same impact upon the local tax base
 - The model requires the same tax rate on each local tax base
- State support ranges from 39% to 96%

Model Flexibility: Adjust Student-Teacher Ratios by Grade

- One option presented is to lower the student-teacher ratio for students in grades 1-6 and increase the ratio in 7-12. (Assumes total number of teachers is held constant.)

	Poverty	Non-Poverty	All Students
<u>Model</u>			
Grade K	16.5	21.5	(One aide for every Kindergarten Teacher)
Grades 1-3	16.5	21.5	
Grades 4-6	16.5	21.5	
Grades 7-8	16.5	21.5	
Grades 9-12	16.5	21.5	
<u>Option 5</u>			
Grade K	17.5	22.5	(One aide for every Kindergarten Teacher)
Grades 1-3	15.5	20.5	
Grades 4-6	15.5	20.5	
Grades 7-8	17.5	22.5	
Grades 9-12	17.5	22.5	

- Other examples: To lower the student-teacher ratio by one student requires an additional 2,683 teachers at a cost of \$171.7 million for salary and fringe only.

Summary

- Realigned appropriations to match types of services
 - Defined services and resources
 - One appropriations formula – equity across districts
- Technical issues
 - Accuracy of data
- Policy issues
 - Adequacy of spending level, resources, and priorities
- Other considerations

APPENDIX

Requested Items

- Review of current state, federal, and local appropriations, revenues, and expenditures for the operation of public schools in the state and other documents that support the options or recommendations in its report;
- Options or recommendations for simplifying and streamlining state appropriations for public education;
- Recommendations for consolidating current line item appropriations into fewer line items by major education programs;
- Options for improving the alignment of appropriations and revenues with local school district expenditures by major education programs;
- Options for standards or measures of fiscal accountability for funding categories as recommended by the SC Department of Education and options for standards or measures of student performance accountability as recommended by the SC Education Oversight Committee;

Requested Items, continued

- Examples of reports that improve simplicity and transparency in reviewing and monitoring state and local funding and revenues, local school district expenditures, and accountability measures at the state and local level;
- Methods to simplify estimating or projecting future educational funding needs;
- A recommendation to create and maintain a competitive work force of teachers by examining the teacher salary structure and providing options to increase the min. teacher salary to \$35,000 or more;
- Options or incentives for encouraging consolidation or shared services among local school districts;
- Options to phase-in a higher percentage of state funding than is outlined in the Education Finance Act; and
- Recommendations to phase-in any funding changes over time to estimate the cost to hold harmless local school districts during a transition to a new funding method.

Funding Option 1

- Lower State Share to 70%
- Distribute \$410 million based on current funding
- Requires \$49.6 million additional funding for hold harmless

Funding Option 4

- Eliminate District Services
- State Funds 80% of Instruction and Facilities
- Requires \$154 million for hold harmless

Funding Option 4 - Eliminate District Services from the Model, State Funds 80% of Instruction and Facilities & Add Hold Harmless Funding								
*Reallocation of funding outside model and adding hold harmless funds creates a range of local millage rates.
