JASON M. FORSBERG
(AECOM Technical Services, Inc.)

Prof. Land Surveyor No. 11606
MICHAEL R. MILLS
(Glenn Associates Surveying, Inc.)

- NOTES:
- 1) Roads and statutory landmarks were positioned by various methods including use of map compilation, historical aerial photography overlay, GIS layers, South Carolina's RTN and a GPS rover, and conventional surveying methodology.
 - 2) Northing (N) and Easting (E) Coordinates (ifT), bearings, and distances (ifT), shown hereon, are referenced to the South Carolina State Plane Coordinate System 83/2011 Adjustment and have not been scaled to Ground. Latitude and Longitude referenced to 83/2011.
 - 3) The purpose of this plat is to map a proposed boundary to become the county line between Georgetown County and Horry County, upon a vote by all qualified electors of the area proposed to be annexed and passage by the General Assembly.
 - 4) For the most part, property corners along or near the line of assessment for Georgetown and Horry counties have been utilized to create the annexation boundary. The intent of the survey is to follow existing property boundaries, along apparent straight line sections. However, in no way is this survey or plat giving warranty to the title property boundaries of the adjacent parcels being shown or referenced hereon.
 - 5) 210.32 Acres or 0.3286 Square Miles are contained within the proposed area for annexation.
 - 6) The proposed area for annexation is not within 8 miles of the County Court House in Conway or Georgetown.
 - 7) This survey has been done in accordance with the South Carolina's Governor's Office Executive Order 2018-20 and South Carolina Code of Laws Title 4, Chapter 5.
 - 8) Per Executive Order 2018-20 the Commissioners assigned for the annexation are:

Wesley Bryant, Esquire - Georgetown County
Sel Hemingway - Georgetown County Administrator
Arrigo Carotti, Esquire - Horry County
Chris Eldridge - Horry County Administrator
