Columbia, SC 29201

Dear Ashley,

Pursuant to the South Carolina Code of Laws, Section 15-41-30(B) requires the Economic Research Section of the Office of Research and Statistics of the Revenue and Fiscal Affairs Office to adjust each dollar amount in subsection (A), items (1) through (14), by the change in the Southeastern Consumer Price Index, All Urban Consumers, as published by the U.S. Department of Labor Statistics, for the most recent year ending immediately before January first preceding July first. We computed the change in the index as the change in the average value of the index for the period from January 1, 2017 through December 31, 2017 compared to the average value of the index for the period from January 1, 2006 through December 31, 2006. This percentage change was 22.0 percent. Each dollar amount that represents this change has been rounded to the nearest twenty-five dollars as required by law. I have enclosed a table for you that represents the changes that should be made to each dollar amount in Section 15-41-30(A)(1) through (14).

If we may be of any further assistance, please advise.

Sincerely,

A handwritten signature in blue ink, reading "Frank A. Rainwater", with a long horizontal line extending to the right.
