# SOUTH CAROLINA -ECONOMY, FINANCES, & REDISTRICTING

#### **Presented To**

Municipal Association of South Carolina™

Annual Conference July 24, 2021

> Prepared by Frank A. Rainwater

South Carolina Revenue and Fiscal Affairs Office 1000 Assembly Street Rembert Dennis Building, Suite 421 Columbia, SC 29201 (803) 734-2265 www.rfa.sc.gov

# Introduction

# Economics is extremely useful as a form of employment for economists

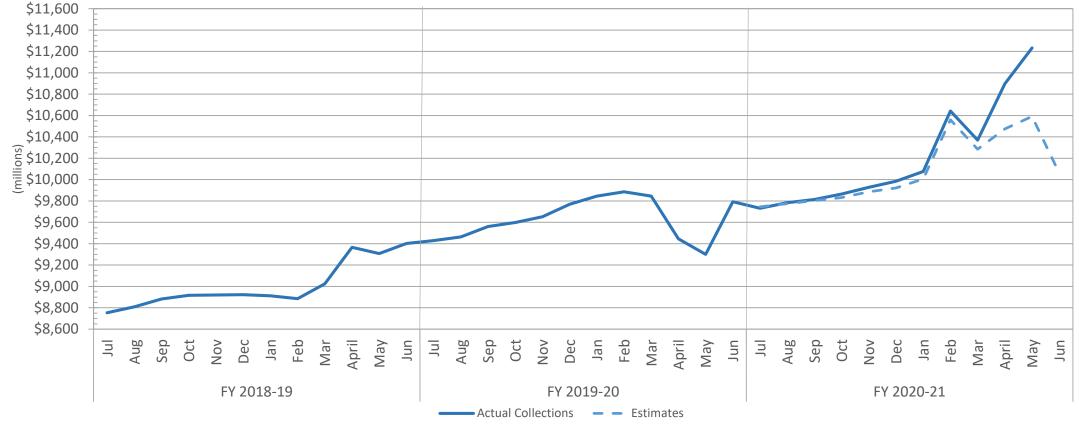

- John Kenneth Galbraith

#### **General Fund Revenues – Actual vs. Estimate** Revenues are growing faster than expected in April 2021 Estimate

ROLLING FISCAL YEAR - TOTAL GENERAL FUND REVENUE

Actuals and Estimates - FY 2018-19 to FY 2020-21

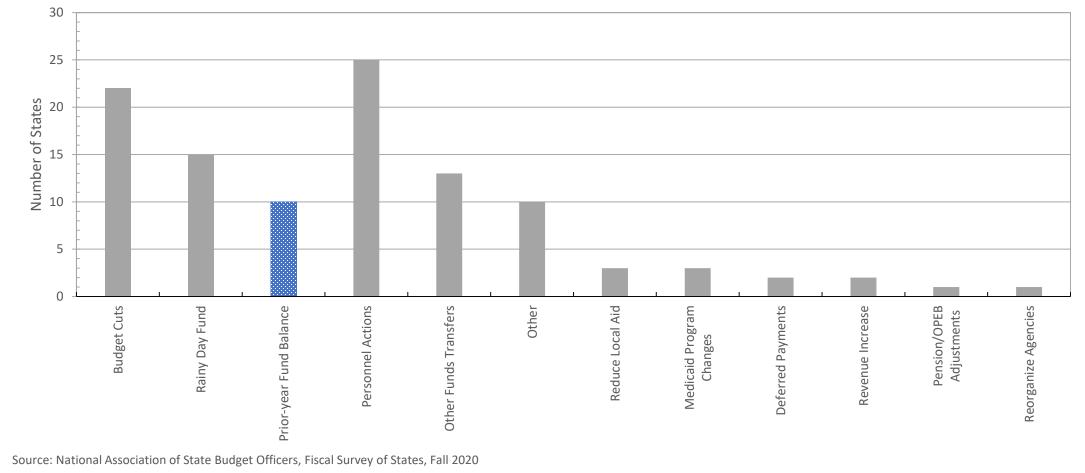

## How States Managed Budgets in 2020

# SC avoided most of the options adopted in other states; used fund balance for pandemic related expenses

STRATEGIES FOR MANAGING EFFECTS OF COVID-19

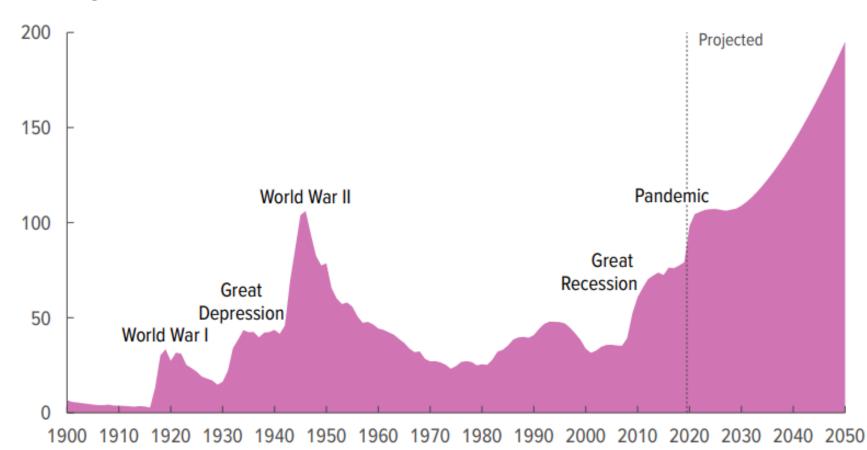

# **Key Economic Measures**

#### Blessed are the young, for they shall inherit the national debt - Herbert Hoover

#### US National Debt Federal debt held by the public is projected to equal 195% of GDP in 2050

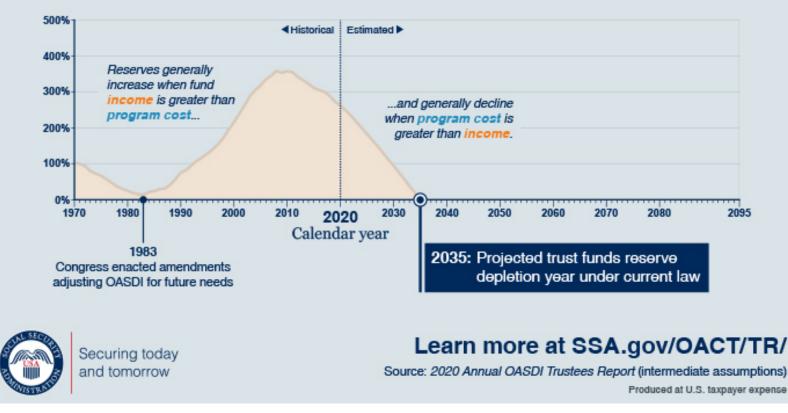

Percentage of Gross Domestic Product

Source: Congressional Budget Office, The 2020 Long-Term Budget Outlook, September 2020, ng/4/19/2020

#### **Social Security's Long Term Financial Outlook** Trust fund reserves estimated to be exhausted by 2035

Old-Age & Survivors Insurance (OASI) & Disability Insurance (DI) Combined Trust Funds Reserves (as the ratio of start-of-year funds reserves to that year's program cost)

Source: Social Security Administration, 2020 Annual OASDI Trustee Report (intermediate assumptions), April 2020, ng/4/19/2020

## **South Carolina Key Indicators**

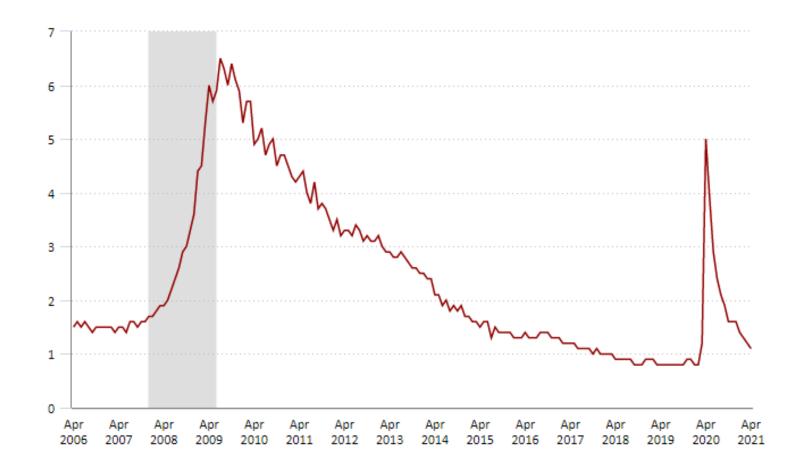

# Economics has never been a science – and it is less now than a few years ago

- Paul A. Samuelson

#### **Unemployed vs Job Openings**

Number of unemployed persons per job opening, seasonally adjusted

https://www.bls.gov/charts/job-openings-and-labor-turnover/unemp-per-job-opening.htm

# S.C. Employment

As of May 2021, employment is growing faster than the current estimate, but full employment recovery is still expected to be gradual

TOTAL NONFARM EMPLOYMENT IN SOUTH CAROLINA

Source: U.S. Department of Labor, Bureau of Labor Statistics 60-RFA/bdc/6/24/2021

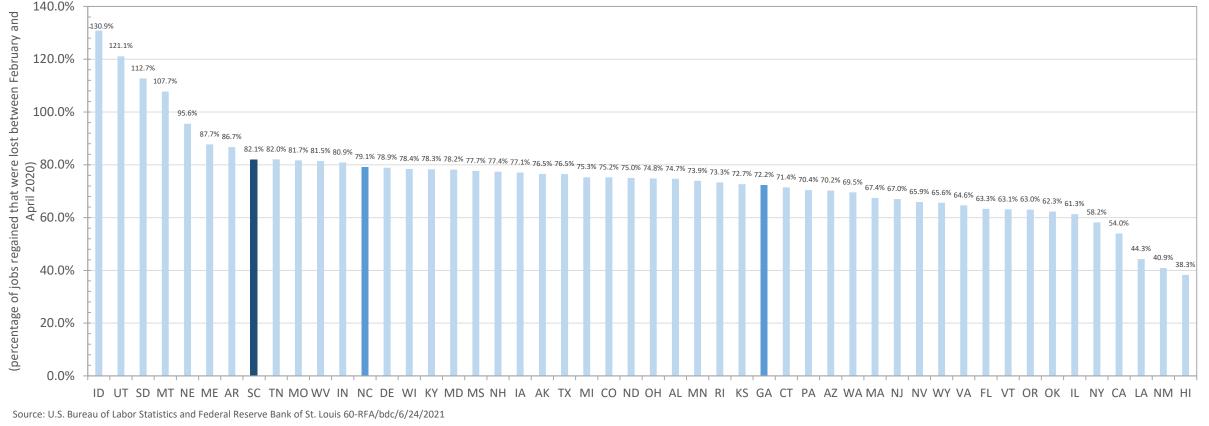

# **Total Nonfarm Employment Recovery by State**

82.1% of SC jobs lost during the pandemic were recovered by May 2021; SC has had the 8th best performance in the nation

STATE NONFARM EMPLOYMENT RECOVERY

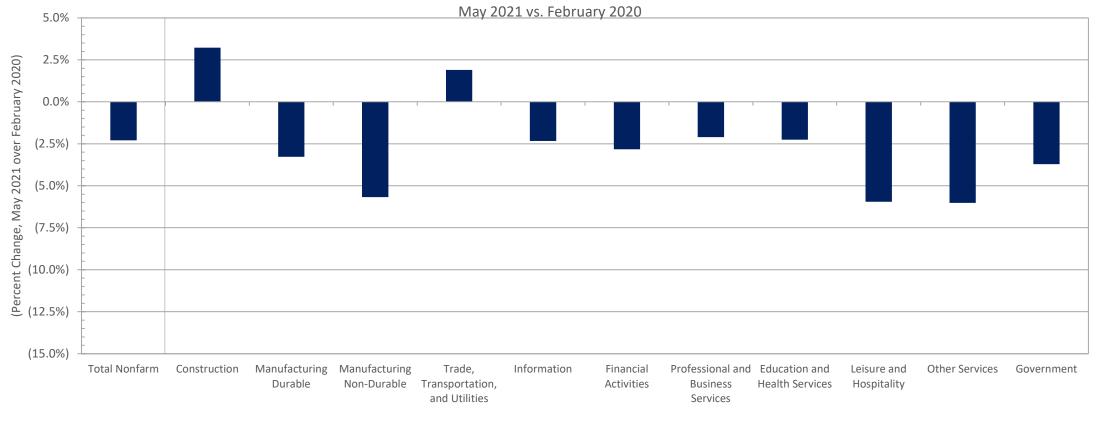

Percent of Jobs Recovered as of May 2021, Not Seasonally Adjusted

# South Carolina Employment by Sector

May nonfarm employment is 2.3% below pre-pandemic levels; recovery by sector is uneven, but the most impacted industries have fared well in recent months

SC EMPLOYMENT PERCENT CHANGE BY SECTOR

Source: U.S. Dept. of Labor, Bureau of Labor Statistics, Quarterly Census of Employment and Wages; Federal Reserve Bank of St. Louis, FRED 281a--RFA/bdc/6/24/2021

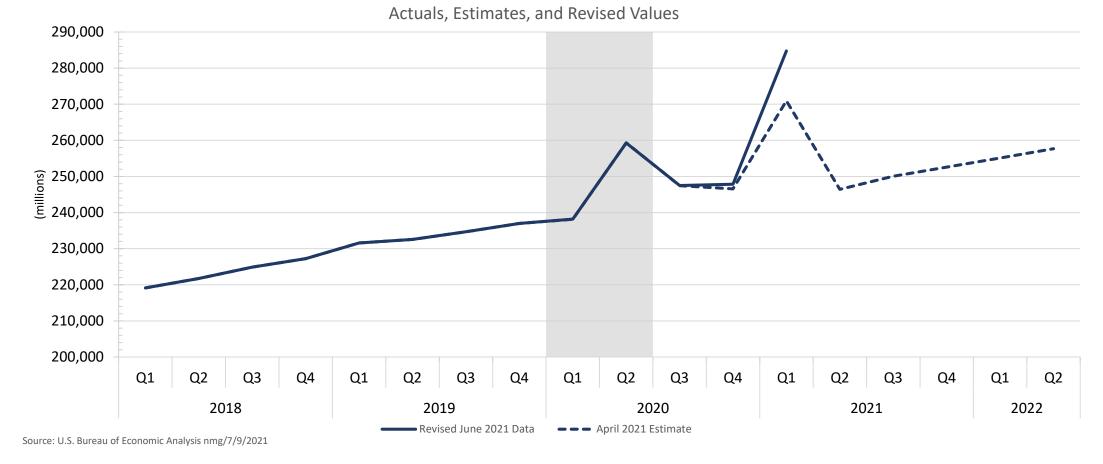

# **Federal Stimulus**

### If you start me up. If you start me up, I'll never stop. - Mick Jagger, "Start Me Up"

#### Personal Income – Actuals and Estimates FY 21 growth boosted by federal stimulus; FY 22 anticipates no stimulus and lower than normal growth in the wage base

#### SOUTH CAROLINA PERSONAL INCOME

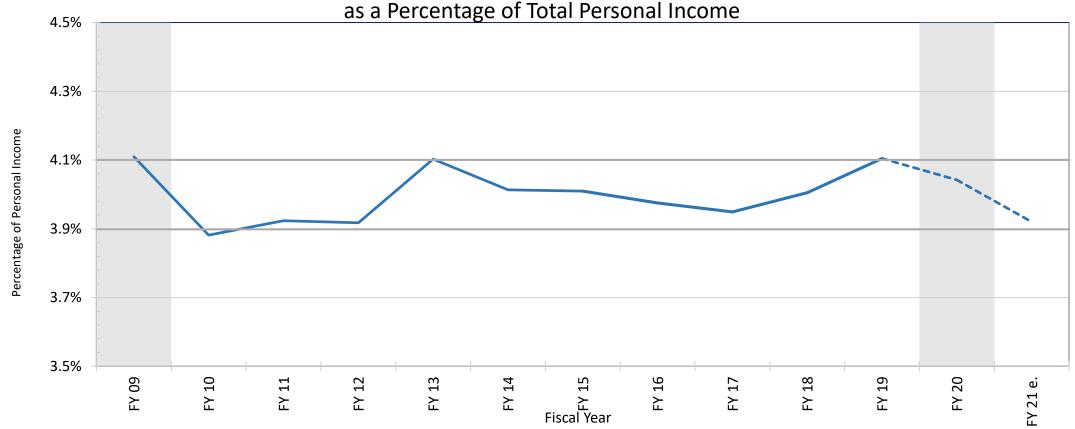

# **State Finances**

#### The only function of economic forecasting is to make astrology look respectable - John Kenneth Galbraith

#### General Fund Revenue as a Percentage of Personal Income Apr. 2021 estimates reflect recent patterns

SOUTH CAROLINA GENERAL FUND REVENUE

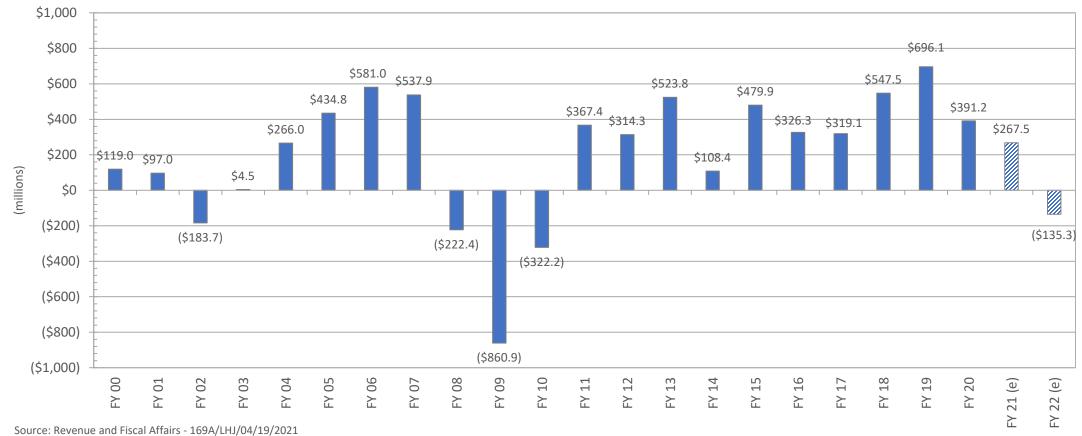

Source: U.S. Department of Commerce, Bureau of Economic Analysis; SC Revenue and Fiscal Affairs Office 34F-

### **General Fund Revenue Growth**

# Despite pandemic FY 21 collections are expected to be \$267.5m above FY 20 but drop by \$135m in FY 22 with the end of federal stimulus

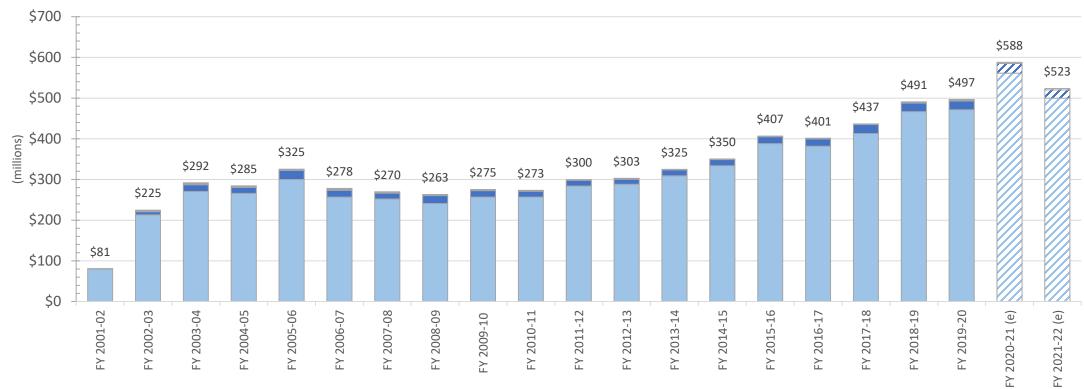

#### ANNUAL GROWTH IN GENERAL FUND REVENUE

#### **SC Education Lottery** FY 21 growth driven by federal stimulus, one huge jackpot, and lack of alternative entertainment options; FY 22 expected to return to normal levels

TRANSFERS TO SC EDUCATION LOTTERY ACCOUNTS

Inception to FY 2021-22 Estimate

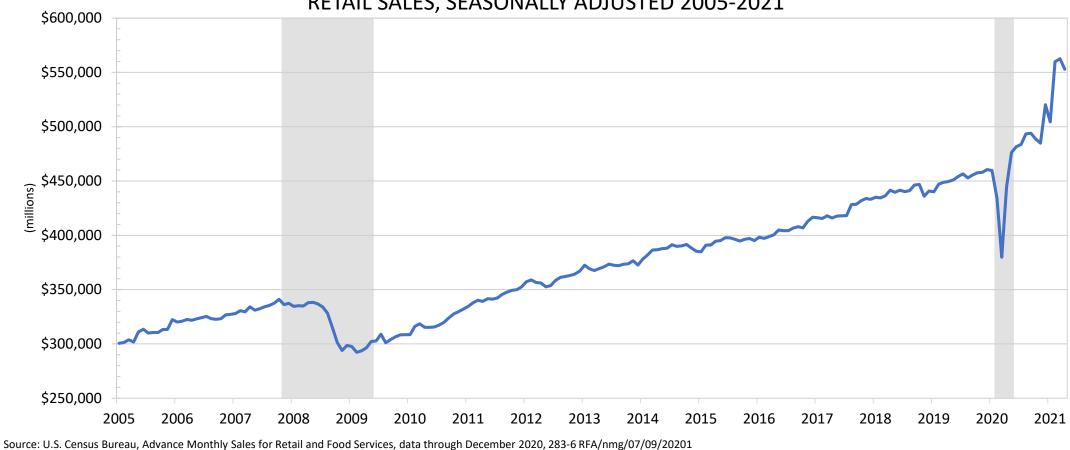

■ General Proceeds ■ Unclaimed Prizes ■ Interest

### **U.S. Retail Sales**

#### Retail sales continue to show resiliency as consumers continue a shift in spending towards taxable goods

**RETAIL SALES, SEASONALLY ADJUSTED 2005-2021** 

# **U.S. Consumer Spending**

# Consumption of goods is above historical trends while spending on services is well below normal

\$9,000 Services \$8,000 \$7,000 (billions) \$6,000 \$5,000 Goods \$4,000 \$3,000 Q3 2018 Q4 2017 2018 Q4 2018 2019 Q2 2019 Q3 2019 2019 Q1 2020 Q2 2020 Q3 2020 Q4 2020 2017 2017 2017 2018 5 02 63 22 Д 24 З Source: U.S. Bureau of Economic Analysis; 299-RFA/lhj/03/29/2021

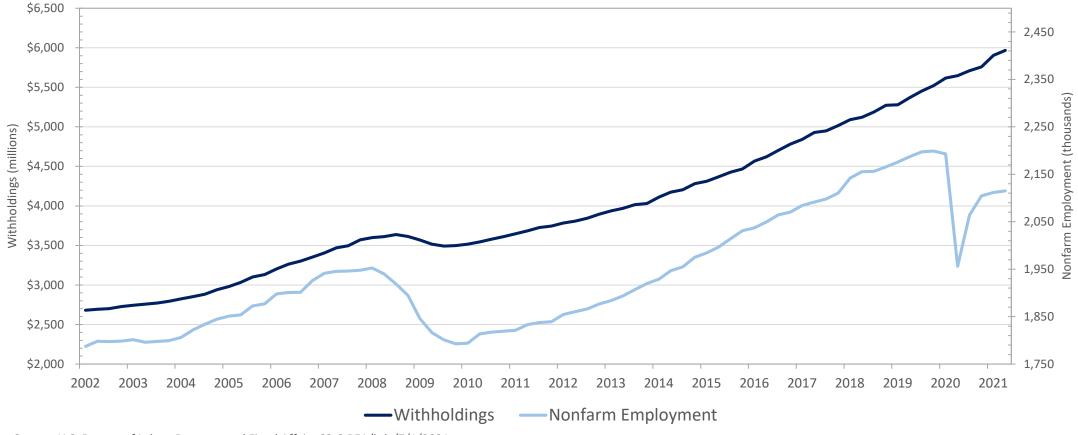

U.S. Personal Consumption Expenditures

# **SC Employment and Withholdings**

#### FY 2020-21 withholdings grew despite employment decline due to disproportionate losses in low-wage jobs

SOUTH CAROLINA WITHHOLDINGS VS. EMPLOYMENT

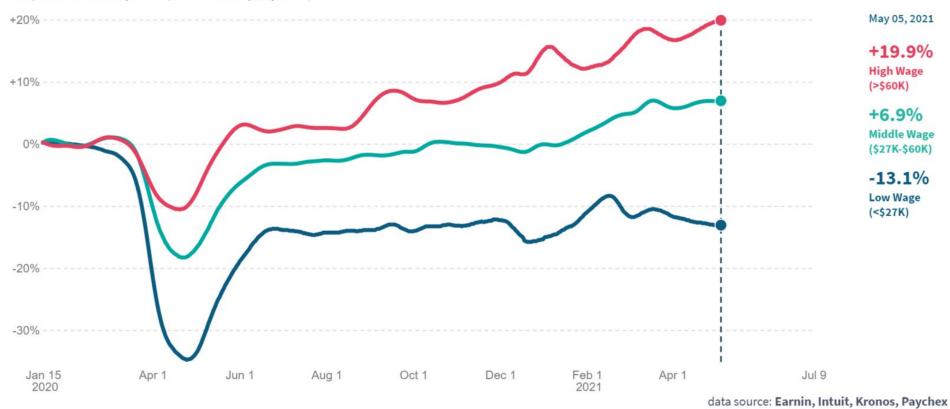

Source: U.S. Bureau of Labor; Revenue and Fiscal Affairs 60-C-RFA/bdc/7/1/2021

#### SC Employment Change by Wage Level Employment losses are in low wage jobs; high wage jobs are up Percent Change in Employment\*

In **South Carolina**, as of **May 05 2021**, employment rates among workers in the bottom wage quartile **decreased** by **13.1%** compared to January 2020 (not seasonally adjusted).

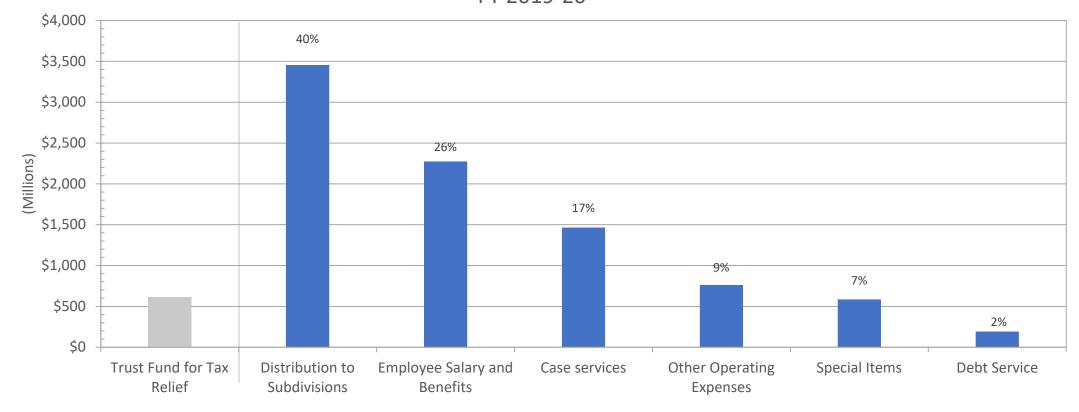

\*Change in employment rates (not seasonally adjusted), indexed to January 4-31, 2020. This series is based on payroll data from Paychex and Intuit, worker-level data on employment and earnings from Earnin, and timesheet data from Kronos. The dotted line is a prediction of employment rates based on Kronos and Paychex data.

#### **General Fund Expenditures by Type** Bulk of expenses impact local communities

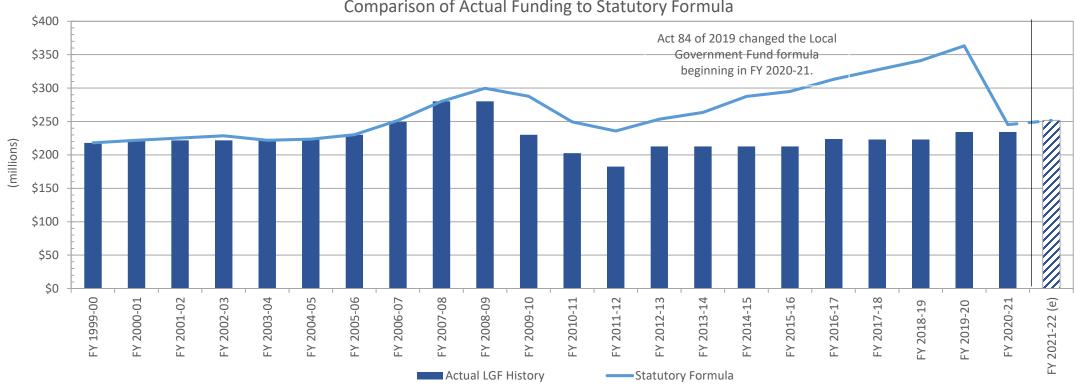

#### GENERAL FUND APPROPRIATIONS BY MAJOR BUDGET CATEGORY FY 2019-20

Source: S.C. Revenue and Fiscal Affairs, 195 AM/08/27/2020

#### **Local Government Fund** New formula increases funding at growth in the General Fund over the budget base

LOCAL GOVERNMENT FUND

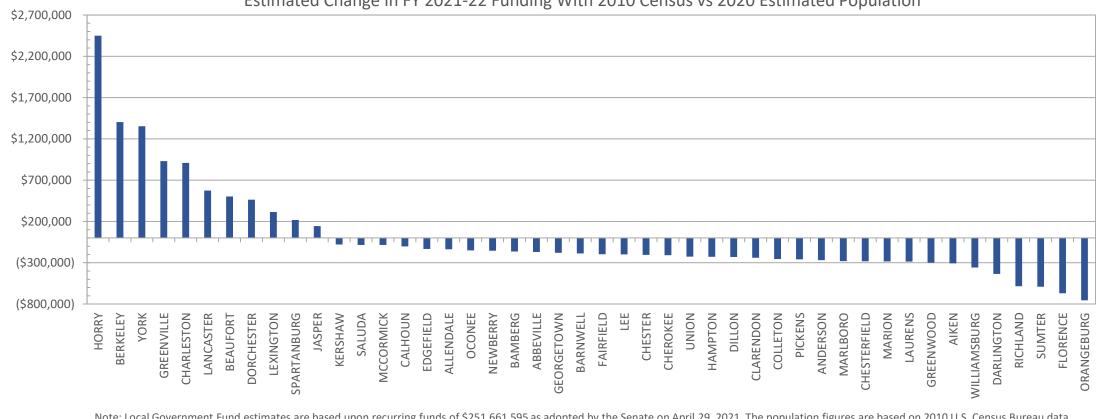

Comparison of Actual Funding to Statutory Formula

Note: FY 2020-21 is being funded at the same level as FY 2019-20 due to the continuing resolution adopted by the General Assembly on May 13, 2020. The FY 2021-22 statutory formula includes a catch up amount for FY 2020-21, and the Senate appropriated \$251,661,595 on April 29, 2021. Source: S.C. Revenue and Fiscal Affairs Office - 193/lpw/6/4/2021

#### **County Local Government Fund Impact** Estimated change in Local Government Fund due to Census population revision

COUNTY LOCAL GOVERNMENT FUND CENSUS POPULATION IMPACT

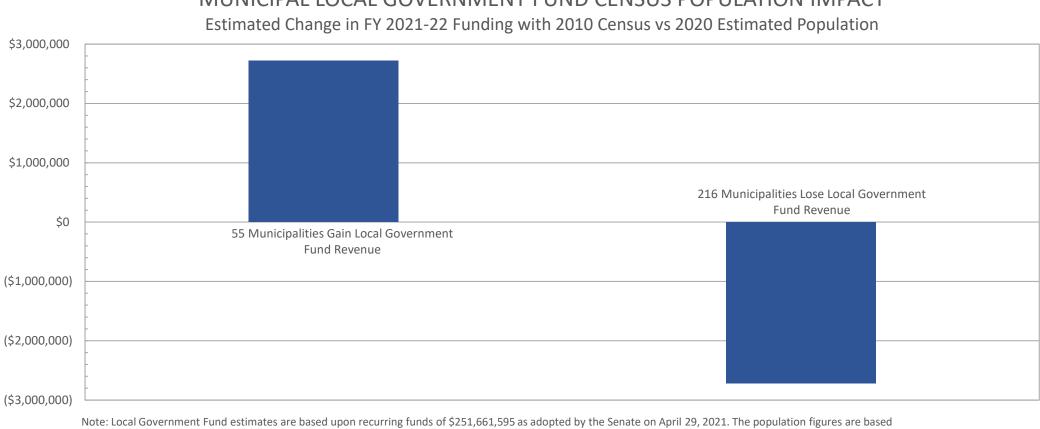

Estimated Change in FY 2021-22 Funding With 2010 Census vs 2020 Estimated Population

Note: Local Government Fund estimates are based upon recurring funds of \$251,661,595 as adopted by the Senate on April 29, 2021. The population figures are based on 2010 U.S. Census Bureau data and 2020 U.S. Census population estimates. Source: S.C. Revenue and Fiscal Affairs Office - 211C/lpw/6/4/2021

#### **Municipal Local Government Fund Impact Estimated change in Local Government Fund due to Census population revision**

MUNICIPAL LOCAL GOVERNMENT FUND CENSUS POPULATION IMPACT

on 2010 U.S. Census Bureau data and 2020 U.S. Census population estimates. Source: S.C. Revenue and Fiscal Affairs Office - 211G/lpw/6/4/2021

#### Limitations on Increases in Property Tax Millage Rates SC Code of Laws §6-1-320

	<u>FY 2020-21</u>	FY 2021-22
Inflation (all entities)	1.81%	1.23%
Population Change (County range)	0% to 3.18%	0% to 4.27%
Total	1.81% to 4.99%	1.23% to 5.50%

#### Notes

- If population declines, then growth rate is deemed to be 0%; applied to 18 counties in FY 21
- Annexation is not population growth
- Decennial Impact Census to revise annual estimates to match Census

# Census Population and Redistricting

### **South Carolina – Estimated Population Change by Census Tract**

### **South Carolina Population Change – Working Age**

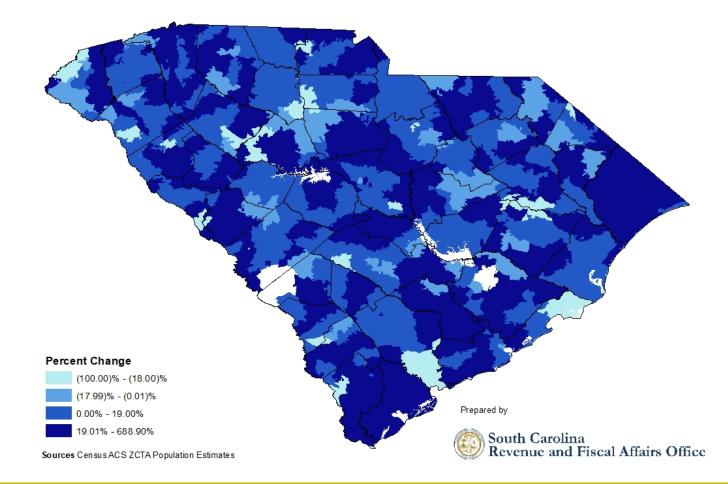

5 Year Percent Change in Working Age Population 2014 - 2019

### South Carolina Population Change – Age 65 and over

5 Year Percent Change in Age 65 and Over Population 2014 - 2019

### Redistricting

- Census data delayed until September 30, 2021
  - Question for municipal elections scheduled for Nov. 2021 delay elections or redistrict for later election
- Lawsuits
  - Alabama v. U.S. Department of Commerce "statistical noise"
- Estimates for congressional reapportionment number lower than expected
- Additional information available at

https://rfa.sc.gov/programs-services/precinct-demographics

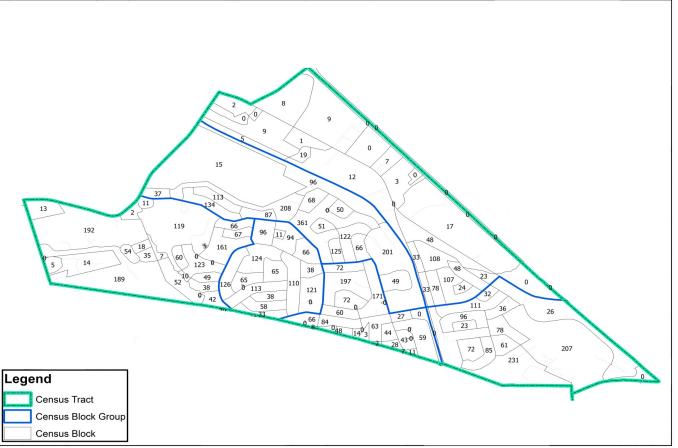

### **Balancing the timing of redistricting with Census release**

- French v Boner, 963 F.2d 890, US Court of Appeals, Sixth Circuit, May 8, 1992
  - The city of Nashville did not have the constitutional duty to rerun elections held for council districts with four-year terms just after new decennial census data became available but before old apportionment plan could be changed
- Political Action Conference of Illinois v Daley, 976 F.2d 335, US Court of Appeals, Seventh Circuit, September 24, 1992

#### **Tools - Census Tract, Block Group, and Block**

#### **Census Geography Hierarchy**

### Key Principles - One Person, One Vote

- 14th Amendment U.S. Constitution Equal Protection
- Race cannot be used as the predominate factor
- Evenwel v. Abbott (2016) Total population can be used for satisfying one person, one vote criteria.

# **Deviating from One Person One Vote**

#### • Deviation

- Congressional Strict Standard (one person variance)
- State and Local Deviations of less than ten percent are prima facie valid, but ...
- Ideal Population = Total Population/# of Districts
  - Example: 5,000,000/10 = 500,000
- Absolute Deviation Number of persons above or below the ideal population for a district
  - Example: District 1 425,000, Ideal 500,000 = -75,000 Persons
- Relative Deviation percentage of population a district is over or under the ideal population for a district
  - Formula: ((Population ideal population)/ideal population) x 100
- Overall Range Deviation Total combined range of deviation for a redistricting plan.
  - Formula: Largest positive + [largest negative] = overall range deviation

## **Key Issues – Racial Gerrymandering**

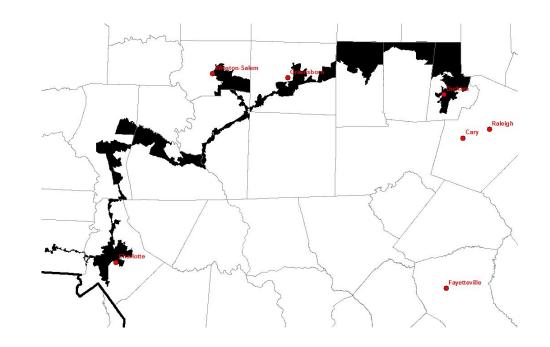

•Shaw v. Reno (1993) – First racial gerrymandering case to reach the Supreme Court. Court ruled racial gerrymandering was a violation of Equal Protection.

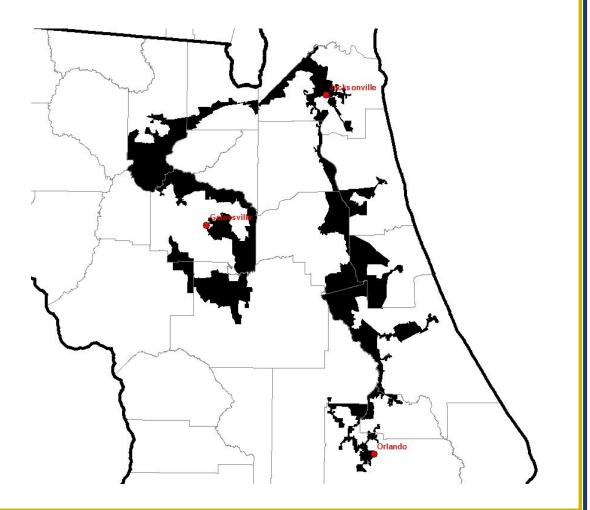

•Bush v. Vera (1996) – Race should not be a predominate factor in drawing plans. Race can be a factor, but must be subordinate to traditional redistricting principles. If redistricting principles were subordinate to race, then strict scrutiny can apply to a redistricting plan by the court.

- Strict scrutiny of a plan requires court to determine if the state had a compelling interest in creating a district with race as predominate factor.
- Alabama Legislative Black Caucus v. Alabama (2015) "A racial gerrymandering claim, however, applies to the boundaries of individual districts."

#### **Examples of Racial Gerrymandering**

## Key Issues - Voting Rights Act, Section 2

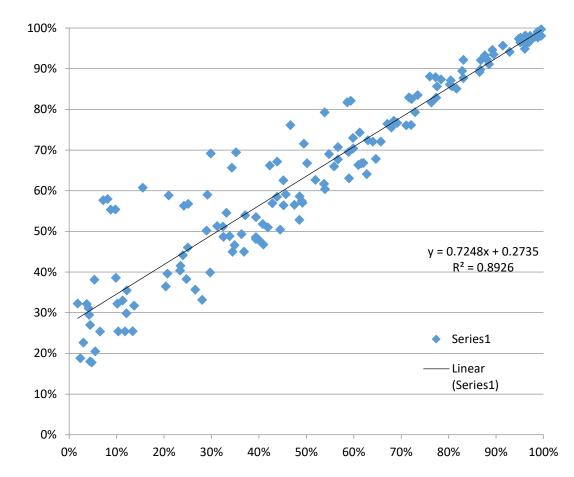

- Section 2 protects the interest of the racial minority population.
- City of Mobile v. Bolden (1980) while the plan did not have the intent of discrimination it had the effect.
- Section 2 amendment in 1982 by Congress.
- Typically, applies to multi-member district plans and at-large voting plans, but can also apply to single member district plans.
- Burden of proof of a Section 2 claim on plaintiffs not on defendants
- "Totality of circumstances" must be used in a deciding a Section 2 violation. 52 USC 10301(b)

### Voting Rights Act – 3-Prong Test

- Thornburg v. Gingles (1986) 3 prong test for vote dilution claim.
  - Minority group must be large and geographically compact to draw a majority-minority district. Minority district must be able to be drawn at +50% minority VAP – Bartlett v. Strickland.
  - The minority group must be "politically cohesive".
  - Block voting by the majority usually defeats the minority's candidate of choice.

# **Traditional Redistricting Principles**

- Contiguousness All parts of the districts must be touching. Point contiguity is acceptable.
- Compactness Districts should be able to pass an "eye" test as well as can be measured by statistical models.
- Constituent Consistency Preserving the core of existing districts and respecting incumbents.
- Communities of Interest Examples are school districts or attendance zones, neighborhoods.
- Voting Precincts Avoid splitting precincts. General Assembly has the authority to redraw voting precincts. Precincts are typically redrawn after redistricting has occurred or a large population change in one geographic area. RFA is responsible for maintaining office maps for voting precincts (§1-11-360).

#### **Key Goals – Resolutions**

- Adhere to the court ordered constitutional requirement of one person, one vote • County Councils must adhere to a state law of population variance under 10%
- Adherence to the 1965 Voting Rights Act as amended and by controlling court decisions
  - A redistricting plan should not have either the purpose or the effect of diluting minority voting strength and should otherwise comply with the Voting Rights Act, the Fourteenth and Fifteenth Amendments to the U.S. Constitution, and the decisions of the U.S. Supreme Court.
- Ensure that parts of the districts are contiguous
  - $\circ$  All districts will be composed of contiguous geography. Contiguity by water is acceptable . Point-to-point contiguity is acceptable so long as adjacent districts do not use the same vertex as points of transversal.
- Attempt to keep compact districts.
- Attempt to maintain constituent consistency • Efforts will be made to preserve cores of existing districts.
- Respect Communities of Interest
  - $\circ$  Where practical, districts should attempt to preserve communities of interest.
- Avoid splitting voting precincts
- Solicit public input

## **Key Steps – Be Proactive, Not Reactive**

- Educate and prepare as soon as possible
- Look at timeline between release of data and next election and consider all the logistics (data release, drafting a plan, meeting schedule, public hearing, updating voter registration, filing periods) – RELEASE SCHEDULED FOR SEPTEMBER 30, 2021
- Contact our office or other professional for assistance
- Help verify record of local boundary and election districts
- Notify other affected entities of process and timeline

   County Elections Office (needs time to process changes)
   School Board or other entities that may follow same district lines
- Draft necessary ordinances, help with scheduling timeline
- Hold Public Hearing
- Ensure proper documentation and retention of records
- Consider pending annexations

# **Revenue and Fiscal Affairs Office**

RFA is responsible for providing diverse sets of fiscal and statistical analyses, reports, and other services to the Governor, General Assembly, state and local government entities, the private sector, and the citizens of the state.

The agency has a staff of approximately seventy-five comprised of analysts, statisticians, epidemiologists, database administrators, web developers, GIS analysts, economists, surveyors, and project and program managers.
