Explanation of Fiscal Impact

State Expenditure

House Bill 3143 requires that podiatric surgery be performed in an accredited hospital or ambulatory surgical center. Doctors of Podiatric Medicine (DPM) applying for facility privileges must be board-certified (or board-eligible) and must satisfy all requirements for credentials outlined by the facility. The bill directs that the governing documents of health facilities throughout the state should provide the right for DPMs to practice within the rules, regulations, and procedures of the facility. The bill also authorizes podiatric surgeons to administer only local anesthesia.

The Department of Labor, Licensing and Regulation indicates that this bill will have no expenditure impact on the General Fund, Federal Funds, or Other Funds.
