**State Expenditure**

The bill would enact the South Carolina Founding Principles Act which would require the local school districts to teach a full semester course in high school on the Founding Principles of the United States of America. The bill requires the State Department of Education to include questions related to the philosophical foundations of our form of government and the principles underlying the Declaration of Independence, the United States Constitution, and the Federalist Papers on high school level curriculum-based tests.

The State Department of Education indicates the Education Associates for Social Studies will provide professional learning opportunities to teachers and district leaders. The training would be a minimal expenditure impact to the agency which can be absorbed within existing appropriations.
