Local Expenditure	\$0	\$0
Local Revenue	\$0	\$0

Fiscal Impact Summary

This bill would have no expenditure impact on the General Fund, Federal Funds, or Other Funds.

Explanation of Fiscal Impact

State Expenditure

This bill amends Section 44-130-30 of the South Carolina Overdose Prevention Act. The bill authorizes licensed prescribers to issue a nonpatient-specific standing order and dispensing protocols for an opioid antidote for persons at risk of overdosing or for their caregiver. The bill further states that the dispenser will provide the patient or caregiver with overdose prevention information. Prescribers issuing nonpatient-specific standing orders and dispensing protocols are not required to document in the medical record that the required opioid overdose information has been provided to the patient or caregiver.

The Department of Health and Environmental Control reports that this bill would have no expenditure impact on the General Fund, Federal Funds, or Other Funds.
