Explanation of Fiscal Impact

Introduced on January 12, 2021

State Expenditure

This bill modifies the terms and definitions related to competition-style concession go-karts and amusement-style concession go-karts. Currently, the code defines these go-karts as concession go-karts, and super-karts. This bill re-terms concession go-karts as amusement-style concession go-karts and super-karts as competition-style concession go-karts. This bill also allows only one person age 12 and above who is at least 60 inches tall to operate a competition-style concession go-kart. Currently, only person 18 years or older, with a valid driver's license may operate a super-kart.

LLR does not regulate super go-carts, nor do they anticipate regulating the newly named competition-style concession go-karts. Therefore, this bill will have no expenditure impact for LLR.
