Explanation of Fiscal Impact

State Expenditure

This bill amends Chapter 22, Title 40 relating to the regulation of engineers and surveyors. The bill amends definitions, adds new qualifications for membership on the State Board of Registration for Professional Engineers and Surveyors, prohibits the brokering of engineering or surveying services for a fee, specifies the manner in which contracts may be negotiated, requires the board to maintain a daily updated roster of information, and authorizes the board to advise the Department of Labor, Licensing and Regulation (LLR) on the development of statutory revisions. The bill limits the granting of emergency license waivers, revises educational and testing requirements for licensure, adds an optional accreditation source for an education requirement, revises eligibility requirements for licensure as a surveyor, and revises requirements for certification to practice as a firm and to operate a branch office. Also, the bill revises circumstances in which LLR may grant a temporary license to an out-of-state firm, and specifies requirements for the submission of plans by someone holding a temporary certificate of authorization.

The Department of Labor, Licensing and Regulation reports that this bill would have no expenditure impact on the General Fund, Federal Funds, or Other Funds..
